Edgeworthia chrysantha Red Dragon

Edgeworthia chrysantha Red Dragon

Common name: Edgeworthia papyrifera Red Dragon, Oriental Paper Bush.

Height: 1-1,5M

Soil: well drained soil. Full sun to half shade.

Flowering: Orange to red flowers.

Hardiness: [hardiness rating 3.](#)

Edgeworthia chrysantha Red Dragon is a deciduous shrub. This form of Edgeworthia bears orange to red flowers on bare stems in winter to early spring. Edgeworthia is being used in China for production of high quality paper.

The Himalayan Buddhist monks made paper from the bark of Edgeworthia and wrote their holy texts on them!

Native to China and Japan.

(unfortunately we do not have this form in cultivation at the moment)
